Devoted

To Customer Service

K-Wood's manufacturing capability ensures the highest level of quality standards. All of our cabinetry is produced on-site, we do not outsource any of the production. This allows us to offer our customers more choice, while still being flexible to needs and industry trends. Having our production on-site means our team is able to closely monitor the progress of each and every project, guaranteeing top notch quality and meticulous attention to every detail.

K-Wood has the ability to offer its customers competitive pricing within the marketplace because the production of our cabinetry is done on-site. Our one-stop shopping experience helps keep costs reasonable, and we believe in passing this value onto our customers.

Our showroom is a testament to our high quality standards and the vast amount of choice we can offer our customers. Stop by today to walk through our various show kitchens and bathrooms. And don't forget to talk to our showroom designers for assistance with your project!

Our Process

Order directly from the manufacturer! At K-Wood we make the cabinet ordering process easy. To get a rough estimate we only need three things:

- 1) A rough layout of the space
- 2) The door material you would like
- 3) The location of your home

Using your answers we can provide you with a no obligation estimate. From there, our design consultants will assist you in finalizing the design, layout and securing final measurements. This is the last step before we provide you with an actual quotation and a drawing.

Our consultants work corroboratively with you to then get the drawing into production using your chosen:

- 1) Door material, style and colour
- 2) Handles selection
- 3) Any additional accessories

The rest we take care of!

Lead time is 3 - 8 weeks from date of drawing approval (depending on material chosen).

Family owned and operated since 1997, K-Wood has built a solid reputation for quality Canadian-made products. We support our local community yearly through charities such as Sick Kids. Where we can, we buy local and only use Canadian lumber for our cabinets. K-Wood is a recognized member of the Canadian Kitchen Cabinet Association.

We pride ourselves on delivering exceptional workmanship that exceeds our customers' standards and that is why we offer a 5 year warranty on all our renovation services.
